

Attendance Update October 2026

Working Together for Great Attendance!

A huge thank you to all our families for your continued support with school attendance. Our overall attendance across school is currently 96%. It is better than National average, and it is wonderful to see so many bright, smiling faces arriving ready to learn every morning.

While we are pleased with these positive numbers, we want to keep working together to make them even better. Every single day in school is packed with hands-on learning, phonics practice, and crucial social time with friends. Even missing just a day can mean your child misses out on foundational steps in reading and maths that are hard to catch up on.

Well Done!

How you can help us keep our attendance high:

- Consistent morning routines: Arriving on time helps your child settle into the classroom calmly and start their morning learning with confidence.
- Booking appointments outside school hours: Wherever possible, please try to arrange medical and dental appointments for after school or during the holidays.
- Talk to us: We know that the winter months bring bugs and illnesses, and sometimes mornings can be tough. If your child is feeling a little under the weather but is safe to attend, we are always happy to keep a close eye on them. If you are facing any barriers or challenges getting your child into school, please chat with your class teacher so we can support you.

Thank you for partnering with us to give our children the very best start to their school journey!

More attendance information can be found on the parent tab of the school.
